**MIL-STD-810G Rugged Transit Case - Watertight for Shipment**

**18 Slot NI PXI/PXIe Chassis**

**MacPanel Scout Receiver**

**Signal Conditioning & Safety**

**PCB Based ITAs**

**Power Supply**

**Direct Access Kit (DAK) Enhanced PXI Connectivity**

**cDAQ/cRIO**

**TESTING THE LIMITS OF TECHNOLOGY**

# PUMA™

## Specifications

- *PXI/PXIe & cDAQ/cRIO Based Test System*
- *Digital, Analog, Pneumatics, and RF*
- *Open Architecture and Modular*
  - *Customizable to meet unique needs*
- *Rugged, Portable, and Field Deployable*
  - *MIL-STD-810G Transit Cases*
    - *Shock & vibe protection*
    - *Lightweight & stackable*
    - *Watertight shipping container*
- *Accessory Case for ITAs, Cables, Fixtures, etc.*
- *MacPanel SCOUT Direct Access Kit (DAK) Interface*
- *Industry Leading Software*
- *International Power Operation (optional)*
- *Fully Automated System Self-Test & Field Calibration (optional)*

## Market Segments

- *Aerospace/Defense*
- *Automotive*
- *Industrial*
- *Oil & Gas*
- *Etc.*

## Applications

- *Turnkey Functional Testing*
- *Factory to Field Deployable*
- *Test Cell*
- *Range*
