

**MIL-STD-810G  
Rugged Transit Case -  
Watertight for Shipment**

**18 Slot NI  
PXI/PXIe Chassis**

**MacPanel Scout  
Receiver**

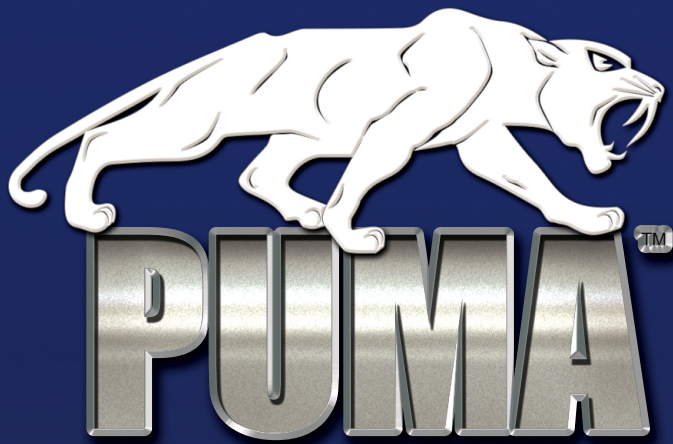

**PCB Based ITAs**

**Signal Conditioning  
& Safety**

**Power Supply**

**cDAQ/cRIO**

**Direct Access Kit (DAK)  
Enhanced PXI Connectivity**

## Specifications

- **PXI/PXIe & cDAQ/cRIO Based Test System**
- **Digital, Analog, Pneumatics, and RF**
- **Open Architecture and Modular**
  - Customizable to meet unique needs
- **Rugged, Portable, and Field Deployable**
  - MIL-STD-810G Transit Cases
    - Shock & vibe protection
    - Lightweight & stackable
    - Watertight shipping container
- **Accessory Case for ITAs, Cables, Fixtures, etc.**
- **Selectable Connectivity Options**
  - MIL-DTL-38999 Connectors
  - Mass Interconnect
- **Industry Leading Software**
- **International Power Operation (optional)**
- **Fully Automated System Self-Test & Field Calibration (optional)**

## Market Segments

- **Aerospace/Defense**
- **Automotive**
- **Industrial**
- **Oil & Gas**
- **Etc.**

## Applications

- **Turnkey Functional Testing**
- **Factory to Field Deployable**
- **Test Cell**
- **Range**
